AGENDA

- 9:30 - 9:45 **Welcome, Announcements, Review of Agenda and Introductions** (*Vivian Matuk – CA Department of Boating and Waterways and CA Coastal Commission*)
- 9:45 -9:50 **Welcome to Vallejo Yacht Club.** *Presentation by Maggie Sabovich PICYA Regional Affairs Committee Chair Vallejo Yacht Club PICYA delegate and/or Vallejo Yacht Club Commodore, Jim Glenn*
- 9:50 -10:10 **New 2012 Coastal Cleanup Day Program for Marinas and Yacht Clubs.** (*Vivian Matuk – CA Department of Boating and Waterways and CA Coastal Commission and Shannon Waters, CA Coastal Commission*)
- 10:10 -10:40 **Japanese Tsunami Marine Debris: What California Can Expect** (*Presentation by Eben Schwartz California Coastal Commission, Statewide Outreach Manager*). Eben Schwartz, Marine Debris Program Manager for the California Coastal Commission, will discuss the debris that was washed into the Pacific as a result of the March 11, 2011 earthquake and resulting tsunami in Japan. Eben will address what we currently know about the debris: its current location, its expected path across the Pacific, and what impacts California can anticipate when and if the debris makes landfall along our coast.
- 10:40 - 11:10 **USCG role in the 34th America's Cup and with the boating community during that event** (*Presentation by United States Coast Guard (USCG), LCDR Aaron Lubrano Planning Officer with the USCG AC34*). LCDR Lubrano will discuss the USCG actions for AC34 and environmental considerations that helped inform our Special Local Regulation and NEPA process.
- 11:10 – 11:20 **BREAK**
- 11:20 – 11:50 **USCG's Role in the Abandoned Vessel Problem.** (*Presentation by USCG Sector San Francisco Incident Management Division and Area Contingency Abandoned Vessels Work Group LT Renee McKinnon and MST3 Tyler Campbell, USCG*). LT McKinnon and MST3 Campbell will talk about issues concerning abandoned vessels in harbors and marinas. This presentation will also cover the USCG role in this issue as well as a chair of a Working Group which includes Federal, State, and Local agencies such as Cal Fish and Game-OSPR, USACE, State Lands Commission, BDCD, counties, and Salvage Companies. Finally, LT McKinnon and MST3 Campbell will solicit feedback on a brochure designed to assist harbor masters in handling abandoned vessels.
- 11:50 – 12:25 **Abandoned Watercraft Abatement Fund Grant and the Vessel Turn In Programs - Overview and Recent Updates** (*Presentation by Denise Peterson (Programs' Manager) and Susan Sykes (Programs Analyst), California Department of Boating and Waterways*). During this presentation, Ms Peterson and Ms Sykes will give an overview of both the Abandoned Watercraft Abatement Fund Grant and the Vessel Turn In Programs, how the programs started, some accomplishments and how based on recent stakeholders' recommendations the programs requirements have changed. You are also going to learn how as a public or private boating facility you can benefit from these programs.
